

Robin van Ginkel

Robin van Ginkel is an international sport scientist who combines his knowledge and experience gained through years of elite sport performance and coaching. He attained an Honours degree in Sport Science at the University of Johannesburg.

His sporting career highlights include winning the Indian Hockey League with the Delhi Waveriders. Rob has coached the following hockey teams:

- SA Women
- SA Men
- SA U21 Women
- SA U18 Men
- Austria National Men's side

Robin is passionate about developing and enabling athletes of all ages and sporting codes to reach their optimal performance. This includes a focus in long-term player development through the athlete's developmental stages.

As Director of hockey and head of Sport Science at St Stithians College, Rob has a keen focus on developing and implementing an educationally sound athlete development programme for all ages.
