

St Stithians College is a proudly South African school, embracing diversity and offering a distinctive educational experience. Founded as a Methodist Church School, our Christian spirituality is central to our identity. Our College consists of primary and secondary boys' and girls' schools, together with a co-educational junior primary school. We are an independent, non-profit institution located on an expansive green campus in Sandton, Johannesburg. In addition, St Stithians incorporates Kamoka Bush School near Modimolle, and the Thandulwazi Maths & Science Academy on our Campus. As a College, we are intent on Inspiring Excellence and Making a World of Difference.

GIRLS' PREPARATORY

Our primary intention is to raise girls. We aim to be the leaders in the girls' education, with the focus on nurturing individual skills and dispositions to engage confidently and with a sense of purpose. The girls need to work within a values-based framework in order to make decisions with good intent. The South African context is diverse and dynamic. We raise girls to embrace their heritage and collaborate locally to make a significant contribution both nationally and internationally.

Natural Science Teacher

The Girls' Preparatory invites applications for the above-mentioned position which will be available from 1 May 2018. (Negotiable)

The Girls' Preparatory is looking to employ a Natural Science teacher who is experienced in designing and delivering an integrated STEM curriculum, and is driven to champion STEM education for girls. We seek a dynamic, innovative and highly creative team-player to lead the Natural Science department, and to collaborate with colleagues across learning areas. The ideal candidate will have had experience in using Inquiry Based Learning and have a thorough grasp of the meta-cognitive, pedagogical, and practical requirements of design thinking and problem-based learning.

Applications are invited from suitably qualified and experienced individuals who believe they have the required disposition, skills and competencies to take on this position.

The requirements for this position are: A suitable professional qualification and appropriate educational experience · A relevant teaching qualification from a recognised institution · Experience in teaching Natural Science at Grade 7 level · Experience in developing learning and teaching material and assessment practices according to IEB requirements would be a distinct advantage · Proficiency in working with iOS educational applications, and experience in effectively integrating iPad-based activities into teaching and learning, would be advantageous · Proof of registration with SACE · A commitment to on-going personal and professional development · An awareness of the nature of the school and willingness to commit to its all-round ethos, co-curricular activities and pastoral approach · Proof of a sexual offender's clearance certificate.

Should you be interested in applying for the abovementioned position, please forward a letter of motivation, together with your curriculum vitae, and the names and telephone numbers of two referees by no later than
10 January 2018 to The Head; St Stithians Girls' Prep
