

Head of Thandulwazi Maths & Science Academy

Inspiring excellence

Thandulwazi Maths & Science Academy, a school of St Stithians College, is an exciting and strategic educational space, one of national significance. The Head of Academy champions and implements the vision and mission of Thandulwazi, working with external and internal partners.

Through the Academy's programmes, students and teachers drawn from under-resourced schools in previously disadvantaged communities participate in high-quality educational enrichment. The Academy's teacher intern programme recruits individuals to work in the schools of St Stithians, creating opportunities for excellence amongst our graduates.

As an experienced educational leader, with excellent organisational qualities, the Head of Thandulwazi promotes a love of learning, embraces the values, Christian ethos and mission of the College, and participates in the broader life of St Stithians. In filling this position, the College seeks to advance employment equity and diversity in its senior leadership.

The position is available from January 2018.

To apply, please forward a letter of application and curriculum vitae, quoting ref: OB/TH/01 by **21st August 2017**, together with contact details for three referees to Tsholofelo Komane at: response@odgersberndtson.co.za
